PROFESSIONAL SUMMARY

Full-Stack PHP Developer with hands-on experience building and deploying 10+ production-grade web applications using PHP, JavaScript, MySQL, and REST APIs. Skilled in MVC architecture, database design, API integration, and responsive UI development. Experienced with AI/prompt engineering integration into real-world software products. Proven ability to manage the entire development lifecycle from requirement gathering to deployment.

EXPERIENCE

Software Developer | Katare Informatics Pvt. Ltd.

Present

Solapur, India

- Architected and deployed 10+ production-grade PHP web applications serving 50+ active business users across billing, inventory, healthcare, and placement domains.
- Engineered full-stack solutions with PHP (MVC pattern), JavaScript, HTML5/CSS3, and MySQL — implementing role-based access control, automated report generation, and responsive dashboards.
- Designed and optimized complex MySQL schemas and queries for high-performance data retrieval and reporting.
- Owned full development lifecycle — requirement gathering, database design, front-end/back-end development, testing, deployment, and client training — reducing delivery time by 30% via reusable components.
- Developed and consumed RESTful APIs, integrating third-party services and internal data flows across multiple platforms.

Freelance Software Developer | Self-Employed

2024 – Present

Remote

- Acquired and delivered 5+ custom web applications for clients including business dashboards, utility tools, and portfolio websites — 100% on-time delivery rate.
- Integrated AI APIs (Claude) into production tools for automated text generation, resume parsing, and job-match scoring.
- Managed concurrent timelines using iterative feedback cycles, resulting in 3+ referral-based new engagements.

PROJECTS

ResumeSync | HTML, CSS, JavaScript, Claude AI API | 2025

- Browser-based ATS-compliant resume builder with 6 professional templates, real-time split-screen PDF preview, and live editing.
- Integrated Claude AI API for job description parsing, resume-to-job match scoring, missing keyword extraction, and AI-assisted bullet rewriting — boosting resume quality by ~40%.
- Zero-backend, fully client-side architecture for data privacy and instant load times.

Training & Placement Management System | PHP, JavaScript, MySQL | 2024

- Developed a web-based portal automating student eligibility calculation for recruitment drives based on configurable criteria, with dual-role admin/student dashboards.
- Built automated notification system, placement statistics analytics, and exportable reports — cutting administrative workload by 60%.

Aptitude Practice Portal | HTML, CSS, JavaScript | 2025

- Built a company-wise placement prep platform (TCS, Wipro, Infosys, Accenture) with 100+ curated questions, timed mock tests, AI-assisted practice mode, and progress tracking.

TECHNICAL SKILLS

Languages & Frameworks: PHP (MVC/CodeIgniter), JavaScript (ES6+), HTML5, CSS3, Bootstrap

Databases: MySQL (schema design, query optimization), MongoDB

APIs & Tools: REST API design & integration, Postman, Git/GitHub, VS Code, phpMyAdmin

AI Integration: Claude AI API, Prompt Engineering for workflow automation

Concepts: Full-Stack Web Development, Responsive Design, Role-Based Access Control, Agile

EDUCATION

B.Tech — Computer Science | N. K. Orchid College of Engineering and Technology 2022 – Present
Solapur, India

Higher Secondary Certificate (HSC) — 78.83% | Shri Chhatrapati Shivaji College

SSC — 95.40% | Kai. Sharanappa Malang Vidyalay

CERTIFICATIONS

- Aptitude & Reasoning Training | APT-Tech Solution, Solapur (Feb–Mar 2025)
- Ongoing self-directed learning: Full-Stack Development, AI API Integration, open-source contributions
